

I was six years old when I was first brought to Paul's Hamburgers.

Our family had not long moved to Sylvania and we were on our way home one Sunday when we stopped for lunch.

I remember only wanting Meat & Cheese ONLY NO SAUCE WOW WHAT A BURGER

As a six year old I was impressed these burgers are great. Mum & Dad used to get the LOT. My brothers and Sisters used to get various Bacon & Cheese, Bacon & Egg etc.

Throughout my childhood we would regularly go to Paul's for lunch or dinner. When I was 17 or 18 I used to do a lot of waterskiing in the Georges River and it became a ritual that my friends and I would get Paul's hamburgers for lunch before we would go home and was the boat and ski equipment.

Now I am a father of two children and take them to Paul's for a burger every now and then.

Guess What?

My children now ask for Meat & Cheese ONLY NO SAUCE.

Hopefully they will change like me. The Lot is the way to go.
