

My name is Ian Toll and I have been eating Paul's Hamburgers since they first opened their shop at Tom Ugly's Bridge in the 1950's!

The Zerefos Family were friends to all their clients!

You know with Paul's hamburgers that you are eating a meal in itself!

What awaits you in that paper bag is not only a great aroma... it's a hamburger so big and full of fresh food that you know you will be satisfied for hours afterwards.

I recommend Paul's to all my friends and business clients.

If you want a great hamburger at the right price...get down to Paul's at Sylvania NOW!!

Cheers and regards

Ian
